PART B: Lender Charges

On participation in the Faircent Systematic Income Generation Plan / Faircent Double product, the lender/s investment amount will be disbursed to various Borrowers or groups of Borrowers listed under this plan. By sending a proposal the Lender(s) are effectively accepting all loan agreements that will be subsequently generated in relation to Borrowers or groups of Borrowers listed under Faircent Systematic Income Generation Plan / Faircent Double product. In case the Lender(s) request for a withdrawal of investment, the Lender(s) rights may be assigned to other Lender(s) participating in this plan.

The Faircent Systematic Income Generation Plan / Faircent Double product consists of Loans offered to Borrowers (or groups of borrowers) who, as per Confirming Party's algorithms have the repaying capability to provide an aggregate targeted return as per the plan chosen to participating Lender(s). Such Borrowers have been selected on the basis of their individual risk and return estimates with the aim to achieve the targeted return in the aggregate. The amount a Lender will invest will be mandatorily reinvested for a term, as per the plan chosen by the Lender. If there is any default in this loan product the amount which can be withdrawn by a Lender (before the maturity date of the loans) will be published on a monthly basis on the Lender(s) dashboard. The interest repayable to Lenders and the principal which can be withdrawn by Lenders will be subject to the default in the repayment of the Loans as for the defaulted loans, the interest will not accrue and principal cannot be withdrawn. The Lenders understand and agree that Confirming Party will charge a **Facilitation Fee** for managing such a pool of loans and the amount of the **Facilitation Fee will be the difference in the returns (i.e. repayment of loans with interest from the Borrowers) and that the amount repaid to the Lenders. eg. If the net returns post default are 15% p.a. and the return provided to lenders is 12% p.a., then the Facilitation Fee will be 3%. If the net returns post default (if any) is 11.5% p.a. then the Lenders will receive 11.5% while Facilitation Fee for Confirming Party will be nil.**

The Faircent Systematic Income Generation Plan / Faircent Double "Freedom Plan" gives Lenders the ability to request for a release of the amounts invested by such Lender in the Freedom Plan, to their escrow account on demand and as per requirement of the Lender. Funds can only be released from the "Freedom plan" to escrow account of the Lender maintained on the Faircent Platform or moved to another plan post 24 hours of the investment. Investments which are released to the escrow account of the Lender prior to a 30 day term may attract a lower interest rate which will be as published by Confirming Party, in its sole discretion and notified to the Lender on the lender's dashboard on Faircent.com. Confirming Party does not guarantee any specific rate of return on the amount invested by the Lender(s) and reserves the right to change such rate of return without notice and shall not be liable for any deficiency in amount that may be received by the Lender as a result of investment in Freedom Plan. At the end of every financial quarter all the funds in the Freedom plan will be automatically released to the escrow account of the Lender and shall be automatically reinvested in the same Freedom plan. Confirming Party charges Facilitation Fee which will be invoiced and deducted on every release of an investment to escrow and the Facilitation Fee shall be charged in accordance with the terms and conditions of the Freedom Plan provided to the Lender by Confirming Party. Lender shall be solely responsible to choose the Freedom Plan in which the Lender wants to invest. Confirming Party shall not be liable or responsible for any loss caused to the Lender on account of the Lender investing in any Freedom Plan. Liquidity is offered on a best effort basis and Confirming Party shall not be liable or responsible for any delay in or non-availability of Liquidity.
